2 million mailboxes migrated!

Mailbox Migration

Cloud Navigator is a go to partner for complex email system migrations. We have migrated tens of thousands of mailboxes for a single customer while servicing organizations of all sizes.

SharePoint Migration

We have the tools and the experience to migrate your existing SharePoint deployment, improve and organize information, and mentor staff to promote adoption of SharePoint Online.

Archive Migration

Email archives can be the most challenging migration obstacle when moving to the cloud. Our experience moving large archives has made us the choice for many organizations seeking to solve this complex problem.

Cloud-based Security

Control and help secure email, documents, and sensitive data that you share outside your company walls. Centrally manage identities across your datacenter and the cloud, providing secure single sign-on to all of your applications.
